

How to access the EMFF DB 14-20

NOTE:

- i. You need to have access to the internet.
- ii. You need to have access to EMFF 14-20 DB (User access rights are given after approval of the EMFF 2014-2020 DB Application Form).

1. Type the following address into your Web Browser: <https://emff.gov.mt/emff1420/Login.aspx>

2. Type in your username and password in the fields as indicated.

A screenshot of the login page for the EMFF 14-20 DB. The page has a dark blue header with the word 'Login' in white. Below the header, there are two input fields: 'Username' and 'Password'. The 'Username' field contains the text 'corp\USERNAME' and the 'Password' field contains the text 'PASSWORD'. Below the password field is a link that says 'Forgot Password?'. At the bottom of the form is a 'Submit' button.

NOTE:

- Make sure that you include “corp\” before your username.
- For security reasons, login attempts are overseen. If too many incorrect login attempts occur, the account will be locked, and in order to log into the account again you need to contact the system administrator (MITA).
- If the password is forgotten, one can click the “Forgot Password?” button. This will result in an e-mail being sent to the username’s gov.mt e-mail, with instructions on how to reset the password.

3. Upon successful entry, you will be redirected to the following screen.

NOTE: The menu options are different depending on the user's access role (Responsible Authority, Beneficiary, Line Ministry, Treasury, Audit Authority).
